WITH
DIGITAL CLOCK DISPLAY
MODEL T-LED-3

Accurate Timing
Durable Construction
Quality Impressions
Elegant Appearance
Lasting Performance

WIDMER MODEL T-LED-3

Time stamp is versatile, featuring high quality, clean, crisp imprints. It is compact and offers a wide variety of desirable features. It is a distinctive two tone, light and dark gray finish that will complement the décor of any office. The digital time display can be synchronized with the time print mechanism.

Instant trigger operation – you just insert the paper.
Quick ribbon change – no mess.

A new, open throat and finger indent case feature allows for greater accessibility. Documents of letter size or small tickets can be inserted with ease. The depth of the throat can be adjusted to allow a selection of imprint locations.

Stamping pressure can be electronically increased to penetrate through multi-part carbon and non carbon forms.

Inscriptions can be both above and below the time and date line.

To Operate

Simply plug into an ordinary AC circuit. The minutes, hours, AM and PM, and the date of the month advance automatically as does the ribbon.

Tamper Proof

Machine is locked with a key. Only authorized personnel can change the setting.

Specifications

Size: height 7-3/8", 18.7 cm, width 4-9/16", 12.6 cm, depth 10", 25.4 cm
